

Typical Event Schedule pm/am

Friday

Campsite Open | 3.00pm

Competitors are seeded with 1 minute intervals for 8/6/4/3 Dog classes and 30 seconds for all other classes. The possibility of reducing this to 15 seconds will be confirmed at the drivers meetings.

After the last team crosses the line in a class, there will be a 10 minute break between all classes. The safety car will sound the horn through the campsite. At 5 minutes before the next class start, another single horn blast will be sounded for 10 seconds.

Excluding Canicross, all teams are required to bring running lights. Class start times on Saturday are temperature permitting.

Saturday
